

Q 4 resources needed for change proposal outpatient clinic

Implementing a change proposal in an outpatient clinic requires four vital organizational resources: **human resources** (trained staff and clinical champions), **financial resources** (budget for new tools and workflows), **technological resources** (EHR updates or communication platforms), and **time/training** (allocated hours for education and testing).  CliffsNotes +2

Human Resources

- **Clinical Staff:** Nurses, medical assistants, and front desk personnel to execute the workflow.
- **Change Champions:** Peer leaders who drive adoption and encourage team buy-in.
- **Administrative Support:** Practice managers to oversee scheduling adjustments.  National I... +4

Financial Resources

- **Implementation Budget:** Funds to cover software licenses, hardware, or facility updates.
- **Overtime or Coverage Pay:** Money to pay staff during training or extra shifts.
