

Q 4 resources needed for change proposal outpatient clinic

Technological Resources

- **Software Tools:** Updated Electronic Health Record (EHR) templates, secure messaging apps, or check-in kiosks.
- **IT Support:** Technical assistance for troubleshooting and system integration. [Link](#)

Time and Training

- **Educational Modules:** Clear workflow guides and step-by-step instructions.
- **Protected Hours:** Scheduled time away from direct patient care for staff training. [Link](#)

If you want to tailor this further, tell me:

- What is the **specific focus** of your outpatient change proposal (e.g., new tech, faster check-in, better communication)?
- What is your **target timeline**?

I can help you build out a more detailed implementation plan.
